Ship loaders

Siwertell

Siwertell ship loaders

Siwertell offers high-capacity and environment-friendly ship loaders, among them the screw type loaders specially developed for handling dusty materials like cement, alumina, flyash and clinker.

Common features for the Siwertell loaders, which are based on screw, aeroslide, chain or belt technologies, are their high capacity, environment-friendly loading combined with their easy operation and maintenance.

The Siwertell ship loaders offer:

- dust and spillage free loading
- compact design and low weight
- loading capacities up to 2,000 tph
- loading of different materials with the same machine

They are delivered at stand alone units or parts of a terminal system.

They are delivered as stand alone units or parts of a terminal system.

Contact
